Board Member Agreement

As a member of the Board of Directors of the Open Source Initiative (OSI), I agree to meet the following expectations regarding my duties and responsibilities.

Our Commitments to each other:

This Board agreement is intended to establish clear and specific shared expectations so that each member and the Board collectively can recognize and respond to issues and concerns predictably and consistently, foster a culture of honesty, transparency and mutual accountability, and promote fair and accurate disclosure and financial reporting and deter wrongdoing. This agreement is not intended to override any applicable laws or any obligations pursuant to OSI’s Bylaws, Conflicts of Interest Policy, Code of Conduct, and Governance Guidelines or any other applicable policies.

The goal is to ensure that Board Members strive to foster OSI’s Mission, Core Values and Commitments in an ethical and consistent manner. While the commitments in this agreement focus primarily on the spaces where we participate in official work (OSI Wiki, OSI list groups, IRC, meetings, conferences), it is important to recognize that the public behavior of members, including outside OSI-organized spaces, also reflects on the OSI.

What’s expected of each Board member

- Support the Executive Director by managing expectations consistent with OSI’s strategic priorities as well as ensuring adequate resources are available for staff to implement strategy and goals

What Board Members Can Expect From Each Other

- Foster collaborative discussion and listen to understand. Critique ideas rather than people, discuss concerns about individuals with them directly first whenever possible.
- Disagree during Board deliberation but support publicly all Board decisions, especially those that do not have unanimous consent.
- Participate in board discussion by exploring issues in the context of the goals and mission of the organization.
- Expect and encourage Board directors and staff to respond in a straightforward and thorough fashion to questions they need answered so that directors can carry out their fiscal, legal, and other responsibilities to the organization.
- Aim to remediate quickly, honestly and thoroughly when you realize you made a mistake. Members are human, and they will make mistakes. However they should act swiftly and fully to acknowledge mistakes and correct them.
